International Director

a moment in time

THIS YEAR SU will be celebrating 150 years since God called Scripture Union into being. It began with the vision of a young man named Josiah Spiers whose occupation was an office clerk. In 1867 church services in England were not suited to children who were expected to simply sit still and be quiet. Josiah believed that children could have a living and vibrant relationship with God and could understand the Bible if presented in a way suited to them. Inspired by a visiting children's evangelist from the USA, Josiah started special meetings for children in a friend's home. The first was held on 2 June 1867 with 15 children.

The meetings grew so fast that soon they had to use a local church schoolroom. Josiah called the ministry CSSM,

Children's Special Service Mission, a Movement that would spread across the world and one day be called 'Scripture Union'.

From that small beginning, Scripture Union has expanded to a community of over 130 Movements in over 120 countries worldwide, each with the same aim of working with the churches, a) to make God's Good News known to children, young people and families and b) to encourage people of all ages to meet God daily through the Bible and prayer, so that they may come to personal faith in our Lord Jesus Christ, grow in Christian maturity and become both committed church members and servants of a world in need.

Today, Scripture Union is fulfilling this mission through indigenous leadership and specialist programs and ministries, carefully designed to fit the context of each country and culture.

We invite you to join us in a year of celebrating what God has done and is doing through the ministry of Scripture Union around the world; a Movement that has not just lasted but is vibrant and growing.

celebrating our big birthday

Praying all year

In this 150th anniversary year in which we celebrate the way God has blessed Scripture Union, SU's International Chair, Colin Sinclair, and International Director, Janet Morgan, have issued a challenge to make 2017 a year of prayer, for the ministry of Scripture Union around the world.

Special Day of Prayer

On 2 June 2017, SU England and Wales will hold a day of prayer and celebration at the actual site where Josiah Spiers had his first children's meeting. We want to join them by making this a global day of prayer and celebration so please put the date in your diary and celebrate and pray wherever you are.

'Congratulations SU!'

Warmest Congratulation to Scripture Union on its 150th Anniversary. May you never lose your vision and always be guided by your aim, belief and working principles.
Colin Sinclair (SUI Chairman 2004 - 2017)

God moves in mysterious ways indeed. His Holy Spirit prompted a man to tell of His love to children on a beach in Wales - and see what we have 150 years later! Looking now to the future, we can confidently affirm that our God in ages past is our hope for years to come.
Emmanuel Oladipo (SU International Secretary 1992 - 2005)

As we mark SU's 150th Anniversary and the ongoing implementation of the Living Hope declaration (*The Jacksons Point Accord*) let us not overlook the lessons that the Lord has taught us as a Movement. In particular the value of our keeping together the twin thrusts of evangelism and encouraging the meeting of the Lord daily in Bible reading and prayer, so that 'His Word may be at work in those who believe' (1 Thess 2:13).

John Dean (SU International Trainer Officer)

The formal way to say 'hello' in Irish, is literally to say 'God to you': Dia dhaoibh (pronounced JEE-uh YEE-iv). It gives me the greatest pleasure to greet all our International family of Scripture Union in this 150th year since the movement started. May God continue to be all to you.
Robbie Burns (Chairman, International Council 1997-2004)

a day in the life of SU?

WHAT DOES Scripture Union ministry look like in 2017? During this 150th anniversary year we would love to capture 'A Day in the Life' of Scripture Union ministry. We hope this will become a record of what SU ministry looks like at this point in our history - but we need your help! Please could you make a note to take a photo on **Monday 31 July 2017**?

We'd like you to capture what Scripture Union ministry looks like in your country/ state 150 years since God called us into existence. Your photographs will form a collation of photos from around the world which will be a permanent record

of how God has helped SU develop over the years. The photos will need to be high resolution images of any part of your ministry, from camps or clubs to meetings and services. Wherever possible we'd prefer the photos to include children and young people. Once you have some images to choose from select your best 3-4 pictures and email the jpeg files to us at su150@scriptureunion.global.

We will collate a photo diary of events on the day which will appear on the website and if we have enough good images we'll compile a book to capture a flavour of SU life in 2017.

our 150th celebration resources

YOU MAY already be busy celebrating our 150th anniversary which is great news. But if you are still making plans and looking for inspiration here are a few extracts from our 'How-to Guide' that was sent to Movement Directors and Chairs in February 2017. Feel free to adapt and customize these ideas and resources for your local context.

• **Global Children's Bible Resource**

A new resource for engaging children with the Bible, using contextualized methodology is being developed this year. 'The Story for Today' will help children to understand God's Big Story and the part that God invites them to play in it. It can be used in many ways: as a conversation starter about God's activity in our world, as a guide to how

God has been at work in human history, as an in-depth look at a specific passage and as an interactive tool to help children talk about faith. **Look out for more details in our 150th anniversary updates.**

• **150th Anniversary Video**

We have a new video that tells the SU global story which will be available in March via the website. We hope you will use it to enhance and promote your 150th Anniversary plans and any events you are running. Don't forget to add it to your website. Let's tell the world about what God is doing in SU! (Special thanks to SU Switzerland-German-speaking for their work on creating this wonderful video.)

• **150th Anniversary Logo**
You can use the new logo in a range of colours to add a touch of sparkle to your Bible guides, websites, publications and posters. Download our special SU anniversary logo here: <https://scriptureunion.global/news/150th-anniversary/>

• **150th Anniversary Updates**

As we approach the Global Assembly in November 2017, we will be sending updates to all Council/Board Chairpersons and all National Directors. Keep an eye out for these as they will keep you up-to-date with any new resources as well as finding out more information about the Global Assembly, the appointment process for the new Global Board and a new International Director.

• **International Week of Prayer**

In addition to the Day of Prayer on 2 June, our annual week of prayer will run from **6-10 November 2017**. Please get this into your Movement's calendar. More details will be available closer to the time.

A new Global Board will be elected and we will celebrate 150 years since God called SU into being.

fuel the future

2017 IS a special year for Scripture Union. We are celebrating 150 years of ministry and praise God for His care and provision. But being immensely thankful for God's blessing over the past 150 years, this is not where we want to stop. Rather we want to look into the future and prepare ourselves so that we may serve children and young people even better in the years to come.

The Global Assembly will be an important step towards this goal:

1. Key leaders from around the globe will have the opportunity to learn from each other, get to understand excellent practice on new and existing ministry models, as well as start conversations about collaboration.
2. Inspirational speakers will help us gain some insight into the joys and challenges of discipling the next generation of

children and young people. The efforts we have been working on to develop a new structural framework that will allow better collaboration between our ministries worldwide will come to a first conclusion with the election of the new Global Board at the Global Assembly.

Of course we will also celebrate what God is doing around the world and share our ministry stories. We will say farewell Janet Morgan (International Director) and Colin Sinclair (International Chairman) and welcome the new Director and Chairman. We will strengthen old and new friendships between leaders and enjoy the fellowship. But most of all we hope to *fuel the future*, so that we might be equipped to reach out to the new generation of children, youth and families.

here to serve everyone

ONE OF the priorities identified through the Living Hope initiative, was to ensure we were reaching children and young people who are at risk or excluded. As a result there has been a growing concern in SU to develop ministry with children and young people with disabilities and to increase the inclusiveness of these children in SU programs around the world so they, too, may know God's love and follow Jesus.

Responding to this, a Consultation is to be held from 5 - 9 May at SU's campsite, Le Rimlishof, in France with practitioners from SU Movements such as Canada, France, New South Wales, Serbia,

Scotland, England and Uganda. These are Movements who have built different models and approaches to ministry with those with disabilities. These models will be used to develop principles and guidelines for development in other countries and so that we move toward maximum inclusiveness in SU programs around the world. The participants are also committed to providing coaching for other Movements who would like to develop special programs and to be more inclusive in their current programs. If you are interested in exploring the possibilities in your Movement please contact: beckys@su-international.org

Partnering with YouVersion

SU NORWAY, with their partner organisation, Norea Radio, have been uploading thematic Bible studies for youth on YouVersion in Norwegian since 2015. Other SU movements have also had their notes uploaded. YouVersion has invited SU to support them by providing topical, thematic, seasonal or regular Bible studies in languages that they don't have online yet. Some of the languages they have indicated interest in are Chinese, French, Spanish, German, Korean and Russian. They will provide a direct link back to your website if you make the notes/studies available for their use.

This does not need to affect your sales income. You could send them notes that have been used in a previous year or you could also adapt your current notes and offer a thematic version, directing them to the full set through the link on the YouVersion site. YouVersion will digitize the notes for you. If you already have a relationship with YouVersion in your country or you might like to pursue this opportunity, or for any questions get in touch with Becky Swamickan (beckys@su-international.org).

in search of Digital Resources

Moving into this year of celebration also signifies we live in a different context to that of Josiah Spiers – the digital age. We are wanting to map the various SU resources that are available online to help give ideas to other movements. If you have digital resources available on your website, or as an app, we would love to hear from you. Please contact Becky Swamickan beckys@su-international.org, providing her with links to your resources.
